

Source: Leece-Neville Heavy Duty Systems Division - Arcade, NY USA  
 Date: July 7, 2017  
 Bulletin No: TSB-1055  
 Models: A0014993PA, A0014974PA, A0014742JB  
 Subject: Wiring Diagram

Multipower Wiring Diagram

**NOTE:** Load bearing cables (A) need to be the same length and wire size, and connected to a common point. This is needed to enhance the load sharing of each alternator.

This Technical Service Bulletin is intended to be used along with TSB-1001 Recommended Wire Size Document.

Important: The information contained in this bulletin is intended for use by trained, professional technicians who have the proper tools, equipment, and training to perform the required maintenance described above. This information is NOT intended for 'do-it-yourselfers'; and you should not assume that this information applies to your equipment. If you have any questions regarding this information please visit our website at [www.prestolite.com](http://www.prestolite.com), or contact our technical service department at:
