STEP 1

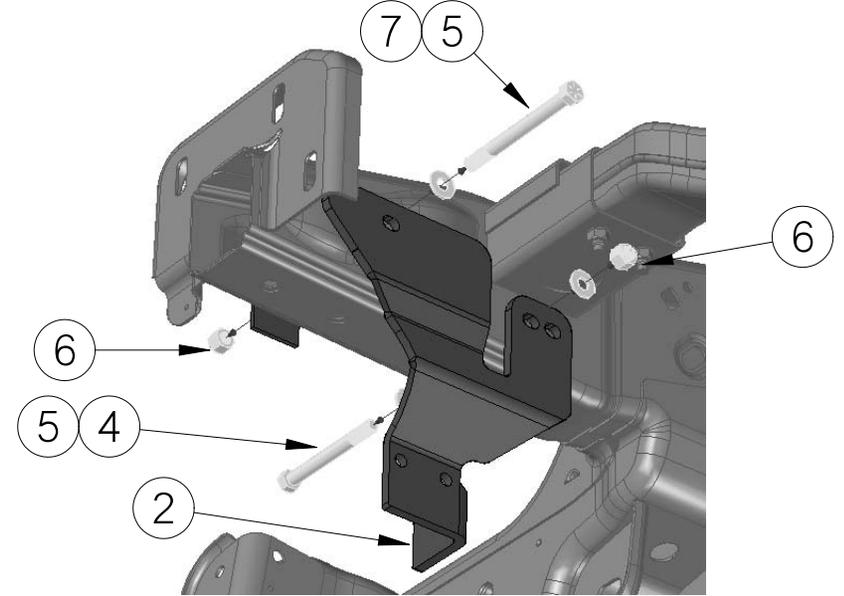

Remove lower fascia by removing (8) M6 bolts.

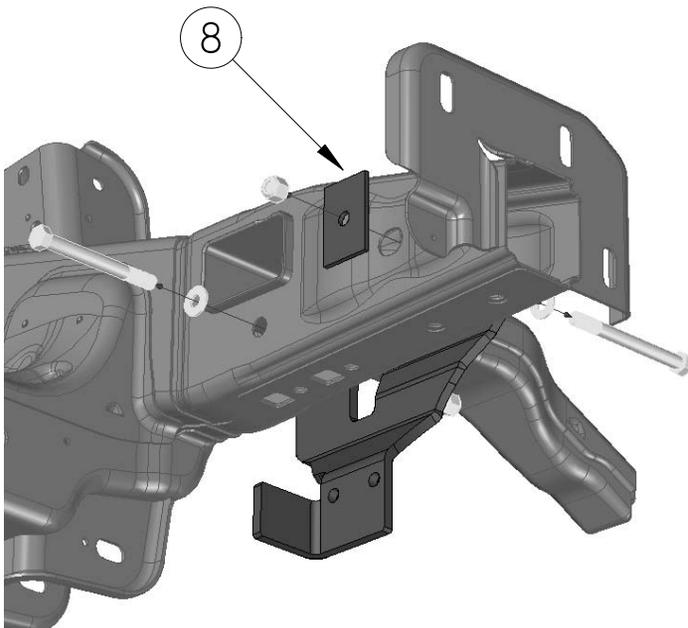

It is recommended to leave the fascia removed from the vehicle.

STEP 2a

Install drivers side mount using hardware shown.

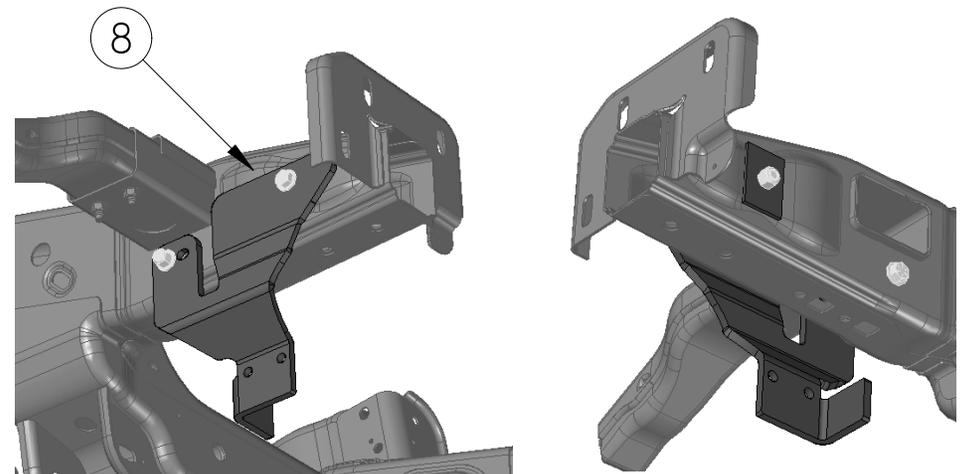

STEP 2b

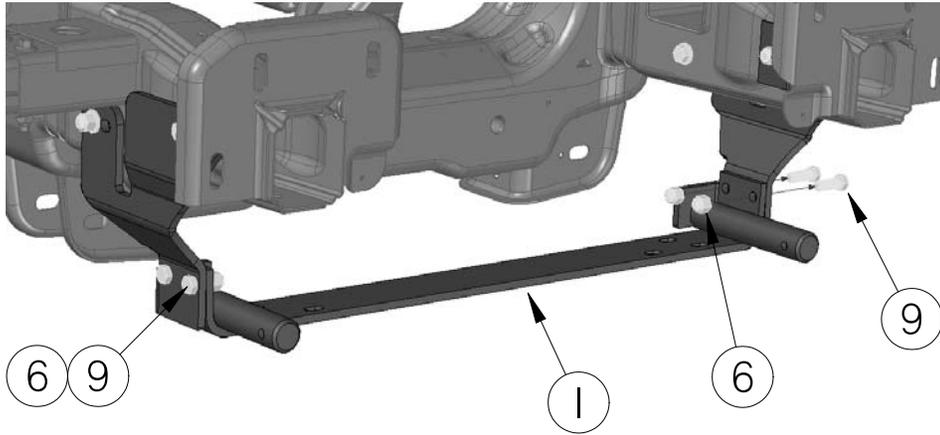

STEP 3

Install passenger side mount referencing steps 2a & 2b.

STEP 4

Install 5XM5 cross member using hardware shown.

STEP 5

Verify all hardware has been tightened (do not overtighten). Your plow can now be installed on the 5XM5 cross member pins shown in step # 4. Please refer to your Personal Snow Plow manual for plow installation instructions.
